2010 추계 학술대회
연구논문 초록집
2010. 10. 7(목) - 8(금)
대구엑스코(EXCO)
Effect of nucleating agent on the thermal property of polypropylene

A comparative study of outdoor and ultra-accelerated weathering tests in polymer

Morphology of charged block copolymer micelles under field electric field

Piezochromic fluorescence in liquid crystalline conjugated polymers in intramolecular x-stack structure

Fabrication and photovoltaic characteristics of P3HT/PCBM hybrid nanoparticle

Study on Dispersion of Drum in Polymer Matrices by SIMS
